

AUDITION NOTES/DIRECTIONS FOR EACH ROLE

SLATE - Say your name and agency and have a full length body shot. Also, please show any tattoos or piercings (aside from ears) that might be visible if you were wearing a sleeveless shirt or short dress/shorts. For the actual audition, it can be more of a medium shot, chest up, so we can clearly see facial expressions, etc.

ROLE	AGE/SPECS	AUDITION DIRECTIONS:
CYNTHIA (wife of Person in Recovery)	35-34, Black	She's low-key, not overblown and seems like a great Mom and steady wife. For audition: She'll be bringing the kids to softball practice to meet the Dad who is the coach and coming from work... just nice smile and maybe quick kiss hello to hubby and casual chatting to girls ... pleasant, natural
CO-WORKER of Person in Recovery	20-early 30s, Male, Any Ethnicity	Miles is seen interacting with a 20s-early 30s male co-worker in a blue collar or light industrial setting. For audition: This guy may walk up to his bosses truck as it pulls into the job site with a friendly nod, could be going over blueprints on the hood of the truck... listens and nods, is a "mans-man" construction worker... again, just natural
YOUNG KIDS	5-9, Black or Bi-Racial	Charlotte and Amayah: Miles' two children, about 5-9 yrs old. Most likely both daughters, but also open to a boy and girl. For audition: pretend to be hustling out of the car to get to softball/baseball practice chatting away with mom, animated but natural. Can just ad-lib the dialogue to mom.
TERESA (Daughter in Recovery)	25-35, White, Female	Teresa: Brenda's daughter, who has an Substance Use Disorder. She's a small town white woman in her late-20s-early-30s. She has lived in recovery for several years and has rebuilt the bridges she has burned with Brenda at the depths of her disease, 6-8 years earlier. This person MUST be comfortable with DOGS as she'll have one as her trusty companion in the spot... And it will likely be a larger breed so anyone allergic to dogs should not audition. If anyone wants to audition WITH their own dog, have at it. We're looking or more of a medium or large dog that might be a rescue or other, even a cute pit bull type is fine... For the audition: This gal will be getting out of her car with dog in tow and greeting Mom and giving Mom a hug...
TEEN version of TERESA	13-16, White, Female	For audition, she might be braiding her hair in the bathroom, sitting on a bed in her room playing guitar or painting a wall in her bedroom. Just natural, teenager. You can ad-lib dialogue if you'd like.

KID version of TERESA	5-9, White, Female	She's a goofy kid, maybe talking into a fan to make funny noises, making funny faces in the mirror or farting noises with her mouth, etc.
