

BRENDA - AUDITION

Slate:

- Say your name and agency
- Be sure to have a quick full length body shot, too.
- Please show any tattoos or piercings (besides ears) that would be visible with a short sleeve shirt or short dress.

Audition:

- Can be framed in a medium shot, mid-chest up to just a little over your head, so we can clearly see your face/expressions.

Script:

I had changed the locks. Didn't even know where she was living. And then one night she calls to say she's getting treatment, can I drive? I almost hung up. But then I thought, that's my kid. I chose to put away the hurt and the fear and just see my daughter.
