

AUDITION INSTRUCTIONS – HOLIDAY WORLD

YOUTH DANCERS

- Start with more of a close-up so we can see their face. Have them introduce themselves and say they are with Talent Fusion.
- For the dance part, it can be more of a wide shot.
- We need to find kids for a fun dance party where they will be wearing glow sticks, light up sneakers, etc. so have them show us their dance moves... Doesn't have to be these dances exactly but having fun to upbeat music.
- The links are on the audition notice page, but also here:

- It doesn't need to be the whole song, but just a sample to show your moves. They're also looking for kids who can -Hula Hoop for at least 1 to 2 minutes straight... -Do the moon walk or some cool spins. So if you can do any of those, add to your video. (again, the whole video doesn't need to be super long or the whole song, just enough to let them see what you can do)
- Production is going to cast these kids and likely SEND them glow sticks, light up sneakers, hula hoops and have them record themselves on their iphones as if they were uploading to TikTok for the actual shoot... recording in their bedrooms or on their driveways so auditions gotten this way are fine too!
